Silence of the Contracting Officer shall not be construed as acceptance of any nominated tug.

Should the vessel deviate or put back during a voyage contrary to the orders or directions of the charterer for any reason, the hire is to be suspended from the time of her deviating or putting back until she is again, at a position not less favorable to the

charterer than that at which such loss of time commenced, ready and in a fully efficient state to resume her service. When the period of time lost to the charterer on any one occasion is less than two (2) consecutive hours, the hire shall not be reduced for such period, provided no missions were missed during that period of time. Off-hire is on a per tug basis. Offeror may be allowed to substitute a vessel in accordance with the Substitution of Tugs section.

28. **DELAYS/ EXCESSIVE FUEL CONSUMPTION.** If upon any passage the vessel fails to make the warranted speed or if her warranted fuel consumption exceeds that offered due to defect in or breakdown of any part of her hull, machinery, or equipment; casualty; or inefficiency of Master, Officers, or crew or their failure to proceed with utmost dispatch, and if the vessel is delayed more than two (2) hours, provided no missions were missed during that period of time, the hire for the time lost and any cost of extra fuel consumed, if any, shall be borne by the owner.

- (d) The Contracting Officer may reduce the pass-through reimbursement by any amount above that which the Contracting Officer finds, in his/her sole discretion, is greater than that which is fair and reasonable for the supplies or services provided, giving due consideration to the facts and circumstances prevailing at the time that the Contractor procured the supplies and services. Disputes as to the amount by which any pass-through reimbursement is reduced shall be resolved in accordance with the "Disputes" section of the contract. It shall be the contractor's burden to demonstrate that the price it paid for pass-through reimbursable supplies and services was fair and reasonable.
- (e) When the contractor expects total funding expended for pass-through reimbursable items to reach 85 percent of the total funds available on each Pass-Through Reimbursable Supplies and Services CLIN, the Contractor shall notify the Contracting Officer and the COR and any other government official identified by the Contracting Officer. The notice shall state the estimated amount of additional funds required to continue performance for the period specified in the schedule. The contractor shall not exceed or incur costs that exceed the amount of funding stated on each Pass-Through Reimbursable Supplies and Services CLIN at the time a pass-through reimbursable item is ordered.

- (g) The contractor is not obligated to continue performance of any pass-through reimbursable work under this contract or otherwise incur costs for pass-through reimbursable supplies or services in excess of the funded amount stated in the Schedule under each Pass-Through Reimbursable CLIN unless the Contracting Officer notifies the contractor that the funded amount stated in the schedule under the applicable Pass-Through Reimbursable CLIN has been increased. Notification shall be in writing. In the event notification is made orally, such notification shall be followed up in writing within two working days.
- (h) No notice, communication, or representation from any person other than the Contracting Officer shall affect the government's obligation to reimburse the contractor.

32. FUEL

- (a) **Delivery Bunkers.** Upon delivery of the vessel, the owner shall present to the Contracting Officer a statement certified by the owner or its authorized agent showing the amount and grade of fuel on board at the time of delivery with such additional verification as the Contracting Officer may require. The charterer shall pay for the on-hire bunker survey if performed by an independent surveyor and required by the Contracting Officer. The vessel's fuel cost will be reconciled at the end of the charter for charters less than 45 days or when it is anticipated that the vessel will not need to bunker during the time of charter.
- (b) **Provision of Fuel.** The charterer shall ordinarily supply or cause to be supplied any or all of the DFM (F76) grade fuels required by the vessel during the period of this Charter. For charters six months or more, the government shall be responsible for any fuel testing. For charters less than six months, the owner shall be responsible for any fuel testing. Testing laboratory confirmation of compatibility and specifications of newly on-board delivered fuel shall constitute acceptance by owner. The vessel shall not be off-hire in the

event of delay resulting from the supply of fuel found to be off specification, unless for want of due diligence by owner. If the owner loads such fuel on the vessel at his own expense, the charterer shall reimburse the owner the reasonable expenses of such loading.

- (c) **Owner's Purchase of Fuel.** The owner shall, if directed by the charterer, purchase fuel for the vessel, in which case the charterer shall, in accordance with the Pass Through Reimbursables section of this PWS, reimburse the owner the price paid for all fuel (excluding lube oils) procured by the owner and loaded in the vessel during the period of this charter. Such direction of the charterer shall be limited to individual fuel purchases and the total amount reimbursable by the charterer for purchase of fuel and any reasonable expenses paid for loading the fuel aboard the vessel(s) shall not exceed the funding obligated and available under the fuel CLIN or subCLIN at the time the fuel is purchased. Pass-through reimbursement shall be paid only upon presentation of properly certified vouchers, supporting receipts, and other documentation, which justify the charges as fair and reasonable. The owner shall in no event be reimbursed any amount in excess of the current market price of such fuel and reasonable expenses. The title to all fuel of which the owner is entitled to be pass-through reimbursed hereunder shall automatically pass to and vest in the charterer upon delivery to the owner or upon the happening of any other event by which title passes from the vendor or supplier thereof to the owner. The charterer shall be afforded all benefits of owner's contracts for its fuel requirements, including but not limited to any savings addressed in contract section titled Savings.
- (d) **Off-Hire – Fuel.** If the vessel should go off-hire during the period of this charter, the owner shall present to the Contracting Officer a statement certified by it or its authorized agent showing the amount of fuel on board at the time the off-hire period commenced and the amount of fuel on board when the off-hire period ended. The charterer shall be credited for the cost of the fuel consumed during the off-hire period and also reasonable expenses incurred in loading such fuel, with such costs based upon costs at the previous refueling point.
- (e) **Redelivery Bunkers.** Upon redelivery of the vessel, the charterer shall ensure that the amount of fuel on board the tug is equal to the amount on board at delivery. The owner shall present to the Contracting Officer a statement certified by the owner or its authorized agent showing the amount of fuel on board at the time of redelivery. A bunker survey conducted by an independent bunker surveyor approved by the charterer shall be performed at the port of redelivery or such other place, as the charterer shall direct, at the owner's time and expense. Should the amount of fuel on board at redelivery exceed the amount of fuel on board delivery, the charterer shall reduce final charter hire or redelivery fee by the value of the excess fuel based on the DLA fuel rate in effect at the time of redelivery. The vessel's fuel cost will be reconciled at the end of the charter for charters less than 45 days or when it is anticipated that the vessel will not need to bunker during the time of charter.
- (f) **Reasonable Expenses.** The term "reasonable expenses" as used in this paragraph, shall mean all reasonable direct expenses paid, excluding crew overtime, which are necessarily incurred in loading said fuel on board the vessel such as: expenses incurred at tanker terminal; loading fuel from lighters, barges, or other craft used as lighters, including lighter age, lighter demurrage, or detention incurred; shifting lighters for the convenience of the vessel; handling lighter lines; and such similar expenses which the charterer shall find were necessary to pay for the loading of fuel on the vessel(s) during the period of this charter.
- (g) **Substitute Tug Fuel.** If the charterer accepts a substitute vessel, in accordance with the Substitution of Tugs section of this PART, any fuel consumed by the substitute tug in excess of the fuel that would have been consumed by the tug for which substitution is made shall be borne by the owner. Excess fuel consumption shall be determined by comparing the data for net barrels per day consumed (located in Attachment C, Offered Rate Sheet) for the substitute tug, and the number of excess barrels will then be priced using the current DLA rate for the grade of fuel consumed. Then the excess price per barrel will be multiplied by the number of days of the substitution. No credit shall be granted to the owner if the substitute vessel is more fuel-efficient.

33. **EXPENSES FOR CHARTER.** Except as otherwise provided herein, the charterer shall pay expenses of loading and unloading cargo and all wharfage, dockage, canal tolls, dues, taxes, and similar port charges imposed by public authority including consular charges (except those pertaining to the Master, Officers, and crew) incurred by the vessel in ports visited pursuant to charterer's direction. Agency fees, provided not incurred for the convenience of the vessel or owner shall also be for charterer's account. The charterer shall pay all pilotage charged to the vessel; however, in no case shall the Charterer reimburse the owner for pilotage paid to the Master or other members of the crew. Surveyors or consultants as mutually agreed may be retained under this charter in order to facilitate fact-finding in respect of actual or potential claim actions or for inspection or surveys generally; the costs shall be incurred only after prior written approval from the Contracting Officer.

34. **PASSENGERS, SUPERCARGO AND GOVERNMENT REPRESENTATIVES:**

- (a) **Charterer's Option.** The charterer shall have the option of carrying passengers, assigning officers and/or enlisted personnel aboard the vessel for duty purposes and appointing supercargo (supercargo as used herein is both plural and singular) as far as accommodations and inspection certification allow and in accordance with COMSC Instruction 3120.19 as amended. If supercargo remains onboard for over 24 hours, charterer shall, in accordance with the Pass through Reimbursables clause of this PWS, pay an amount of \$30.00 per day, per person, covering all expenses including accommodations and victualing. Owner shall victual all other U.S. Government representatives, pilots, and Customs Officers when authorized by charterer. Charterer shall pay \$7.00 per meal for all such authorized and approved victualing provided as a result thereof.
- (b) **Military Personnel.** In addition to the carriage of personnel noted in subparagraph above, charterer shall have the option to assign other military personnel aboard the vessel. Such personnel are not to require victualing or berthing facilities from the vessel unless requested by the military commander aboard, in which case the owner will, in accordance with the Pass through Reimbursables clause of this PWS, be reimbursed out-of-pocket expenses not to exceed the amount per person per day set forth in the subparagraph above. Charterer will supply life floats and jackets for the use of such military personnel carried aboard the vessel during the charter period. Such items are to be removed by charterer at termination of charter.
- (c) **Charterer's Liability.** The charterer shall be liable to the owner for any loss of the vessel's fittings or appurtenances or any damage to the vessel, her fittings, or appurtenances caused by the act of passengers, supercargoes, evacuees, or military personnel in the embarkation, carriage, or debarkation of passengers, supercargoes, evacuees, or military personnel to the extent such loss or damage is not payable under the vessel's insurance policies. However, the charterer shall not be liable for such damage unless written notice specifying such damage and, if obtainable, the name of the party or parties causing such damage shall have been given to the charterer or its authorized representative within a reasonable time. Payment for any such loss or damage shall be by agreement of the parties and failure to agree shall be resolved under the FAR clause 52.212-4 (d) Disputes.

35. **STRIKE CONTINGENCY PLAN.**

- (a) The contractor shall provide and maintain a strike contingency plan that describes how services will be provided if there is a labor strike or any other deficiency of Master or crewmembers. The plan must be practicable and must clearly state the means and method for vessel manning during a strike or labor action and for providing services in the face of disruptive measures typical of a strike situation. Award of the contract shall indicate the Contracting Officer's approval of the plan, whose approval shall not be unreasonably withheld.
- (b) The contractor shall update the plan as necessary but no less frequently as yearly and not later than 30 days before the last day for the exercise of each option to extend contract term. Exercise of an option to extend the term of the contract shall indicate the Contracting Officer's approval of the updated plan, whose approval shall not be unreasonably withheld.

36. VESSEL CASUALTY PLAN.

- (a) The contractor shall provide and maintain a vessel casualty plan that describes how services will be continued if there is a casualty to the vessel or to a system that makes the vessel inoperable or incapable of safely providing a required service. The plan must be practicable and must clearly state the means and method for timely acquisition and deployment of a substitute vessel in the event of a vessel casualty. Award of the contract shall indicate the Contracting Officer's approval of the plan, whose approval shall not be unreasonably withheld.
- (b) The contractor shall update the plan as necessary but no less frequently as yearly and not later than 30 days before the last day for the exercise of each option to extend contract term. Exercise of an option to extend the term of the contract shall indicate the Contracting Officer's approval of the updated plan, whose approval shall not be unreasonably withheld.

37. EMERGENCY SITUATION TRAINING PLAN. No more than 30 days prior to delivery, the contractor shall submit a proposed training plan to meet the requirements of the Emergency Situation and Training clause, if incorporated. A final plan shall be submitted no later than 30 days after receipt of the government comments on the proposed plan.

38. FUEL REPORTS. Monthly, no later than the fifth working day of each month, submit a written report to the Contracting Officer that states the amount of fuel consumed by each tug during the preceding month. In addition, if fuel was purchased from a commercial source as a pass-through reimbursable item under this charter party contract, with respect to each tug, separately state the total amount and the price-per-gallon paid for each time fuel was purchased.

39. INCIDENT REPORTS. In all instances in which any vessel being handled by owner's vessel(s) sustains damage or is involved in any incident resulting in damage to vessels or property, or in bodily injury or death, the owner shall secure a report from the Vessel Master or Officer acting as pilot, and from any licensed pilot aboard the vessel being handled. The owner shall verbally notify the Contracting Officer and/or the Program Office identified in this part within four hours and submit a written report to the Contracting Officer within twenty-four hours following said incident, reporting the facts, listing deaths, reporting the extent of damages to property and any bodily injuries, and listing recommendations to prevent recurrence.

To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to:

(A) Change the name in the SAM database;

(B) Comply with the requirements of Subpart 42.12 of the FAR;

(C) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via SAM accessed through <https://www.acquisition.gov>.

(u) UNAUTHORIZED OBLIGATIONS

- (1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any End Use License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:
 - (i) Any such clause is unenforceable against the Government.
 - (ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.
 - (iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.
- (2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(v) INCORPORATION BY REFERENCE. The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

2. In accordance with FAR 12.301(e) and FAR 12.302, the following paragraphs, stating additional terms and conditions consistent with customary commercial practice and necessary for performance of the contract, are added to FAR 52.212-4.

(i) ALTERATIONS.

- (1) The charterer shall be at liberty to make any additional alterations it may require beyond what is on board at the commencement of the charter and to install any equipment or defensive armament (including demagnetization by installed equipment or other process, e.g., degaussing, wiping, or deperming), to install any additional gear or equipment for loading, carrying or discharging cargoes, and to repaint the vessel. Such work shall be done at the charterer's expense and on its time and shall not be such as to be in contravention of any applicable law of the United States or regulation made pursuant thereto.
- (2) Such equipment, armament, materials, and gear so fitted are to be considered "Government Property" under the terms of FAR clause 52.245-1, incorporated by reference. The charterer shall, during the period of the charter, remove the same together with any alterations and additions thereto at its expense and time and shall restore the vessel to her condition and color prior to such changes, ordinary wear and tear excepted. The government shall have the right to abandon in place any alteration or government furnished property, unless the Contracting Officer is notified in writing within 30 days of completion of any alteration that the contractor requests such restoration or removal.

(j) BROKER. The broker of this charter, if any, shall be the party identified in the offer. Brokers must obtain a power of attorney executed by the vessel owners prior to submitting offers under their own signatures, signing representations and certifications or executing finalized contracts and must submit same to government with the finalized contract. Any commission, percentage, brokerage, or other fee contingent upon or resulting from the award of this charter shall be for the owner's account.

(k) NO COST CANCELLATION OF CONTRACT. The government shall have the right to cancel the contract at no cost upon 30-days written notice by the Contracting Officer in any option period.

- (l) **CHARTER NOT A DEMISE.** Nothing herein contained shall be construed as creating a demise of the vessel to the charterer, the owner under this charter retaining complete and exclusive possession and control of the vessel and her navigation.
- (e) **INVOICE ADDRESS.** The contractor shall submit an original invoice and one copy (or electronic invoice, if authorized) to the following address: Military Sealift Command, Payment Certification Code N83, 471 East C Street, SP-64, Norfolk, VA 23511.
- (f) **LAWS GOVERNING.** The laws of the United States shall govern this contract.
- (g) **LIMITATIONS.** The owner shall have the benefit of all limitations of and exemptions from liability accorded to the owner or chartered owner of the vessel by any statute or rule of law for the time being in force except to the extent that contract terms entitle the government to compensation from the contractor for the contractor's failure to perform the requirements and obligations of this charter or such statute or rule of law limiting the contractor's liability is subordinate to any statutorily mandated provision of this charter by operation of law. Nothing in this charter party shall operate to limit or deprive the owner of any statutory exceptions or limitation of liability on the theory of personal contract or otherwise.
- (h) **NEGLIGENCE OF PILOTS.** The government shall not be held responsible, liable, or accountable for: losses sustained by the contractor, vessel(s) being assisted by the contractor's tug(s), or other vessels damaged through the negligence of pilots even if the government engages the pilots.
- (i) **PORTS/PLACES.** The charterer shall not be deemed to warrant the safety of any berth or place and shall not be liable or accountable for any loss, damage, injury, or delay resulting from any unsafe condition at any berth or place unless caused by charterer's failure to exercise due diligence.
- (j) **OWNER'S OBLIGATION.** The owner shall, unless otherwise provided herein, provide and pay for all provisions; deck, engine room, and galley stores and fresh water; insurance on the vessel; wages of, transportation of, and services for Master, Officers, and crew and consular fees pertaining to them in accordance with the section Port Charges and Expenses. Owner will be responsible for all port charges associated with the foregoing.
- (k) **PORT CHARGES AND EXPENSES.**
 - (1) **Expenses for Charterer.** Except as otherwise provided herein, charterer shall pay expenses of loading and unloading cargo and all wharfage, dockage, canal tolls, dues, taxes, and similar port charges imposed by public authority including consular charges (except those pertaining to the Master, Officers, and crew incurred by the vessel in ports visited pursuant to charterer's direction. Agency fees, provided not incurred for the convenience of the vessel or owner shall also be at charterer's expense. The charterer shall pay all pilotage charged to the vessel; however, in no case shall the charterer reimburse the owner for pilotage paid to the Master or other members of the crew. Surveyors or consultants as mutually agreed may be retained under this charter in order to facilitate fact-finding in respect of actual or potential claim actions or for inspections or surveys generally; the costs shall be incurred only after prior written approval from the Contracting Officer.
 - (2) **Pass-Through Reimbursement.** The owner if so required by the charterer as noted in the subparagraph above, shall pay all of the charges incurred at charterer's expense. The charterer shall thereafter reimburse the owner for such charges in accordance with the PART I section titled "Pass Through Reimbursables."
- (l) **READINESS.** Readiness is a required service of the vessel. Readiness shall be defined as the ability of a vessel and associated equipment to perform the function for which designed, built, or chartered, including the ability to deploy without delays, whether or not so ordered to perform. If there is a degradation of this readiness, such that actual performance or condition of the vessel or associated equipment shows any failure to satisfy one or more of the owner's warranties or renders the vessel in less than a fully efficient state, the hire will be proportionately decreased so as to indemnify the charterer to the extent of such

failure, and this charter party shall remain otherwise unaffected. Failure of the parties to agree upon the extent of the proportional decrease in hire shall be a dispute under the clause entitled "Disputes" incorporated herein by reference. Nothing in this clause shall limit the rights of the Charterer to place the vessel off-hire pursuant to PART I section titled "OFF-HIRE" of the contract.

(m) SALVAGE.

- (1) All salvage moneys earned by the vessel during the period of this charter shall be divided equally between the owner and the charterer after deducting Master's, Officers' and crew's shares, legal expense, vessel hire lost (if any) as a result of the salvage service, value of fuel consumed (which shall be paid in full to the charterer from the salvage award), repairs of damage, and other extraordinary loss or expense sustained as a result of the salvage service. Charter hire shall continue to be paid by the charterer during deviations for the purpose of performing salvage service.
- (2) When engaged in the carriage of government cargo and if requested by the charterer, the owner agrees to accept Navy salvage services. Such services may be provided using Navy personnel and resources or Navy contracted resources.
- (3) In providing such services, the Navy, through the charterer, agrees to waive all claims for "pure" or "bonus" salvage. Instead, the charterer shall be entitled to the following:
 - (a) In those cases in which the salvage services are provided by Navy personnel and resources, the salvage claim shall be limited to a schedule of current per diem rates and allowable expenses as established by the Navy's Supervisor of Salvage. In no event shall such amount exceed a maximum claim of \$25,000 per day.
 - (b) In those situations in which the Navy utilizes contracted resources to deliver assistance, the owner shall be liable for the actual daily rate charged to the Navy by the contractor(s).
- (4) It is understood that this limited Supervisor of Salvage claim is asserted against the vessel only, is solely for the vessel's account, and does not include any amounts for the salvage of the government's cargo. Notwithstanding any other provisions of this contract, this limited Supervisor of Salvage claim IS NOT directly or by way of setoff chargeable in whole or in part to the government by way of general average or otherwise.

- (n) SAVINGS.** The owner agrees that any refunds, rebates, credits, discounts, insurance payments, or other amounts (including any interest thereon) accruing to or received by the owner under this charter shall be paid by the owner to the government to the extent that they are properly allocable to costs, expenses, or reimbursements for which the owner has been compensated by the government under the terms of this charter. The foregoing shall apply to any savings to the owner resulting from a fleet reduction, applied on a pro rata basis.

- (o) STANDARDS OF APPEARANCE.** The vessel(s) operated under this contract will operate in direct support of the U.S. Government and the Department of Defense; they must therefore meet the highest possible standards of appearance and vessel smartness.

- (p) SUBCHARTER.** The charterer shall have the right, without the prior written consent of the owner, to subcharter or agree to subcharter the vessel under any form of time or voyage charter. If charterer shall enter into any such charter, charterer shall nevertheless remain liable for the due performance of this charter. Any such subcharter shall include a provision that it is subject to the provisions of this charter party.

(q) VESSEL OWNER'S INSURANCE.

- (1) During the full period of this Charter Party, Contractor shall maintain marine insurance coverage on the vessel, including:

- i. Hull and Machinery,
- ii. Protection and Indemnity (P&I) (including pollution liability),
- iii. War Risk Hull and Machinery,
- iv. War Risk Protection and Indemnity (P&I), and
- v. Second Seaman's War Risk. (the principal sum of which shall be \$200,000.00 per Master, Officer, or crew member (this is also the loss-of-life benefit)).

Except as otherwise expressly provided in Section (q)(3) below or as expressly provided in the section entitled "War" (r), all expenses for such insurance coverage (including but not limited to premiums, additional premiums, calls, commissions, overspill claims, advancements, assessments, deductibles, and all other insurance costs regardless of Charterer or Contractor fault, neglect, action or inaction, or cause of claim or cost whatsoever) shall be for Contractor's account and shall be deemed to be included in the hire payable under this Charter Party. Contractor shall make insurance claims under applicable policies for all damages, injuries, or claims arising from or related to this Charter when directed by Charterer regardless of Charterer's fault, neglect, action, inaction, or breach of clauses, obligations or warranties (express, implied or otherwise) of this Charter Contract.

☒ 1.1.1 At least 10 calendar days prior to delivery of the vessel, Contractor shall provide the Contracting Officer copies of policies or cover notes evidencing that required coverage has been obtained and demonstrating that the coverage is consistent with the requirements of this section. Contractor's failure to provide the required policies or cover notes may be considered material breach of this Contract.

- (2) Contractor agrees to indemnify and hold harmless the Charterer for all liability, costs, or expenses arising from or related to this contract and involving covered risks and losses under the terms of the insurance required in (q)(1) above. Contractor shall obtain an endorsement on all of Contractor's insurance policies listed in Section (q)(1) by which Contractor's Insurer "waives all rights of subrogation against the United States of America regardless of amount."
- (3) If Vessel is sent beyond the limits of American Institute Trade Warranties under this Charter Party, the Charterer agrees to reimburse the Contractor for the actual extra cost of additional premiums and/or increased deductible levels to the extent such extra cost is occasioned by the vessel's trading beyond such limits. Contractor shall immediately notify Charterer whenever any sailing orders will send the vessel beyond such limits, shall identify to Charterer any anticipated additional cost of insurance relating thereto, and shall obtain Charterer's approval to proceed beyond such limits prior to doing so. If Contractor fails to provide the notifications required or to obtain Charterer's informed prior approval, Charterer shall not be required to reimburse the Contractor for the costs described in this paragraph. The issuance of sailing orders, by itself, does not constitute approval in advance by Charterer.
- (4) All policies shall contain an endorsement stating that "in the event Insurer receives from vessel Owner any notice of cancellation or any notice of material change to the policy or its coverage, the cancellation or change shall not be effective until 30 days after written notice thereof is provided to Charterer's Contracting Officer by the Insurer (unless such change is directed by the Charterer's Contracting Officer)." Additionally, Contractor shall immediately notify Charterer of any change whatsoever in coverage.
- (5) Charterer Named Additional Assured on Owner's Hull Policy, War Risk Hull Policy, and Second Seaman's War Risk Policy. The United States of America (as Charterer) shall be named as an additional assured with waiver of subrogation under the Contractor's Hull and Machinery policy (and Increased Value policy if applicable), War Risk Hull and Machinery policy, and Second Seaman's War Risk policy.

☒ 5.1.1 At least 10 calendar days prior to delivery of vessel, Contractor shall provide the Contracting Officer copies of policies or cover notes evidencing that the required

coverage has been obtained. Contractor's failure to provide the required policies or cover notes may be considered material breach of this contract.

- (6) "Other than owner" and "as owner" limitations. If Contractor's Hull and Machinery policy (and Increased Value policy if applicable), War Risk Hull and Machinery policy, or Second Seaman's War Risk policy contain(s) any provision limiting coverage under the policy only to liabilities arising as owner of the vessel, Contractor shall arrange for such limiting provision to be stricken from the policy.
- (a) If Contractor's Hull and Machinery policy (and Increased Value policy if applicable), War Risk Hull and Machinery policy, or Second Seaman's War Risk policy contain(s) any provision designed to limit the effect of striking "other than owner" or "as owner" provisions as required in Section (q)(6) such provisions shall also be amended to ensure Charterer is provided full benefit of the insurance for its acts as Charterer.
- (7) Limitations of Coverage to U.S. Limitation of Shipowners' Liability Act (or similar) limitation amounts. If Contractor's Hull and Machinery policy (and Increased Value policy if applicable), War Risk Hull and Machinery policy, and/or Second Seaman's War Risk policy contain(s) any provision(s) limiting maximum payment to Owner in any instance to the amount to which Owner is able to limit Owner's liability pursuant to the U.S. Limitation of Shipowners' Liability Act of 1851, the 1976 Convention on Limitation of Liability for Maritime Claims, or any similar law, Contractor shall arrange for such limiting language to be stricken or amended to ensure the policy or policies are not similarly limited in payment or coverage amount with respect to coverage afforded the United States of America as additional assured Charterer.
- (8) P&I Insurance for Charterer's Risks or Time Charterer Protection and Indemnity (P&I) with P&I War Risk Coverage. Contractor shall obtain P&I Insurance for Charterer's Risks or a Time Charterer Protection and Indemnity policy/entry with P&I War Risk coverage for the United States of America (as Charterer) covering all risks typically covered by P&I Insurance for Charterer's Risks or Time Charterer Protection and Indemnity entries with P&I War Risk coverages in Protection and Indemnity associations that are members of the International Group. Except as otherwise expressly provided in the section entitled "War," all expense of such policy/entry described in this section (including but not limited to premiums, additional premiums, calls, commissions, overspill claims, advancements, assessments, deductibles, and all other insurance costs regardless of Charterer or Contractor fault, neglect, action or inaction, or cause of claim or cost whatsoever) shall be for Contractor's account and shall be deemed to be included in the hire payable under this Charter Party. Contractor shall make insurance claims under the Time Charterer Protection and Indemnity policy/entry described in this section when directed by Charterer.
- ☒ 8.1.1 At least 10 calendar days prior to delivery of vessel, Contractor shall provide the Contracting Officer a copy of the policy. Contractor's failure to provide the required copy of the policy may be considered material breach of this Contract.
- ☒ 8.1.2 The Time Charterer Protection and Indemnity policy/entry with P&I War Risk coverage shall provide coverage of \$500,000,000.00.
- (9) Charterer shall not be obliged to declare to the insurer all ships chartered by it. Contractor will advise the insurer that the Charterer will not declare all ships chartered by it to the insurer, and shall obtain an endorsement on the policy stating, "the United States of America, as Charterer, is not required to declare to [insert insurer name] all ships chartered by it."
- (10) Contractor to Indemnify. If Contractor fails to name the United States as additional assured with waiver of subrogation on Contractor's Hull and Machinery policy (and Increased Value policy if applicable), War Risk Hull and Machinery policy, or Second Seaman's War Risk policy as

required by Section (q)(5); or fails to obtain for the United States the P&I Insurance for Charterer's Risks or Time Charterer P&I policy/entry with War Risks coverage required by Section (q)(8); the Contractor shall indemnify and hold harmless the Charterer for all liability, costs, or expenses involving covered risks and losses under the required insurance policies/coverage.

- (11) Contractor shall not, through action or inaction (including but not limited to failing to meet all conditions of a policy, causing through action or inaction cessation of a policy, or violating any warranty of a policy), vitiate or void the coverage afforded by the Contractor's Hull and Machinery policy (and Increased Value policy if applicable), War Risk Hull and Machinery policy, Second Seaman's War Risk policy, or the coverage afforded by the Time Charterer Protection and Indemnity policy/entry with P&I War Risk coverage. If any such policy is vitiated or voided by Contractor's action or inaction as described in this Section (q)(11), Contractor shall indemnify and hold harmless the Charterer for all liability, costs, or expenses which would have been covered by the policy had such policy or coverage remained in full force and effect.
- (12) In the event Contractor fails to strike "other than owner" or "as owner" provisions per Section (q)(6), fails to amend supplemental limiting provisions as described in Section (q)(6)(a), or fails to amend provisions limiting payment or coverage as described in Section (q)(7), Contractor shall indemnify and hold harmless the Charterer for all liability, costs, or expenses which would have been covered by Contractor's Hull and Machinery policy (and Increased Value policy if applicable), War Risk Hull and Machinery policy, and Second Seaman's War Risk policy had such provisions been stricken or amended as required

(r) **WAR.**

- (1) Voyage Instructions. Operating limits of the vessel subject to this Contract shall be worldwide. If the Vessel is ordered under this Charter Party to any port, place, zone, or route involved in a state of war, warlike operations or hostilities, civil strife, or piracy (whether there be a declaration of war or not) where it might be reasonably expected to be subject to capture, seizure, arrest, or hostile act by a belligerent power (whether de facto or de jure), pirate, or terrorist, it shall be unreasonable for the Contractor not to prosecute said voyage if insurance against said risks is then available commercially or under a Government program, or if the Government offers the Contractor indemnification against said risks pursuant to Public Law 85-804 (72 Stat. 972, August 28, 1958).
- (2) The Contractor shall immediately notify the Charterer: (i) whenever any sailing orders will result in the vessel subject to this Contract being sent beyond the limits of the War Risk Trading Warranties of insurance policies required under this contract (to include entry into a war risk exclusion zone or when the vessel will enter, sail for, or deviate towards the territorial waters of any of the Countries or places or any other waters described in the Lloyd's Joint War Committee's current Hull War, Strikes, Terrorism and Related Perils Listed Areas); (ii) if there are any changes to the War Risk Trading Warranties of insurance policies required under this contract (including changes to the exclusion zones or the Hull War, Strikes, Terrorism and Related Perils Listed Areas) or changes to War Risk premiums, charges, or deductibles; or (iii) whenever additional premium charges or costs will be incurred as a direct result of compliance with any sailing orders issued by the Charterer under this Contract. The Contractor shall ensure that the insurers provide it relevant information in a timely manner. If the Contractor has given this required notice to the Charterer, the Charterer will reimburse the Contractor for the increase in costs (if any) of insurance premiums, charges, or deductibles which arise from the vessel sailing beyond the applicable War Risk Trading Warranties (including changes to the war risk exclusion zones) when entry into any exclusion zone or Hull War, Strikes, Terrorism and Related Perils Listed Areas under such insurance has been approved in advance by the Charterer. The issuance of sailing orders, by itself, does not constitute approval in advance by the Charterer. The Charterer may give the Contractor notice and instructions concerning suspension of commercial War Risk insurance coverage and substitution of Government indemnity or Government War Risk insurance as detailed in the section entitled "Government War Risk Insurance/Indemnity" below.

- (3) Additional Wage Costs. The Charterer shall reimburse Contractor for the cost of provable additional master and crew wages (including all additional bonuses and payments required) to the extent that such additional costs arise directly from exposure of the vessel, and/or vessel's master and crew, to the risks described in the paragraph entitled "Voyage Instructions" above. However, any of said wages or payments shall not exceed in amount that which would be payable, under applicable laws and regulations, to U.S. civil service mariners in the employ of the Military Sealift Command in a similar port, place, zone, or route. Contractor shall notify Charterer of all anticipated additional wage costs prior to entering any location which would trigger such additional costs; and no such costs shall be reimbursable unless Charterer, after notification of such costs, provides approval to enter such location.
- (4) Government War Risk Insurance/Indemnity - General. Upon receipt of notice and instructions from the Contracting Officer, as specified in the last sentence of Section r-1.2 of the section entitled "War (r)" above, concerning suspension of commercial War Risk insurance coverage and substitution of Government indemnity or Government War Risk insurance, the Contractor shall, as soon as practicable, contact its insurance brokers or underwriters and arrange for the suspension of its commercial War Risk insurance upon entry of the vessel into, or extension of stay of the vessel in any area(s) excluded by the War Risk Trading Warranties, or when the vessel will enter, sail for, or deviate towards the territorial waters of any of the Countries or places, or any other waters described in the Lloyd's Joint War Committee's current Hull War, Strikes, Terrorism and Related Perils Listed Areas, as the case may be, subject to resumption of its commercial War Risk insurance upon exiting such area(s). In such instances, the Contractor shall accept the Government's indemnity or Government War Risk insurance, whichever is applicable, in lieu of such commercial War Risk insurance. The Contractor shall ensure that the suspension of its commercial War Risk coverage is coincident with the time that any Government indemnity or Government War Risk insurance becomes effective, and shall likewise ensure that its commercial War Risk insurance is resumed at the time when any Government indemnity or Government War Risk insurance becomes ineffective. The Contractor shall retain the same risks, such as deductibles (if any), that it has under its commercial insurance.
- (5) Government War Risk Insurance. Under the authority of 46 U.S.C. § 53905, the United States Maritime Administration (MARAD), at the request of Commander, Military Sealift Command, may furnish the following war risk insurance coverage, which will be effective during the vessel's transit under this Contract in areas which are in war risk exclusion zones, or waters described in the current Lloyd's Joint War Committee Hull War, Strikes, Terrorism and Related Perils Listed Areas, or otherwise excluded under the Contractor's commercial marine War Risk trading warranties, and which are designated by notice from the Contracting Officer to the Contractor:
- (a) War Risk Hull Coverage, insured at the hull value stated in vessel's current commercial hull and increased-value policies effective on Charter Party date, a copy of which current hull policies shall be furnished to Charterer;
 - (b) War Risk Protection and Indemnity coverage, insured at a value of either (i) 150% of the hull value stated in Vessel's current commercial hull policy effective on Charter Party date or (ii) \$50,000,000.00, whichever is greater but in no event exceeding that amount of commercial P&I cover which was in effect for the Vessel on Charter Party date;
 - (c) War Risk Second Seaman's coverage, the principal sum of which shall be \$200,000 per Master, Officer, or crew member (this is also the loss-of-life benefit);
 - (d) War Risk Loss-of-Hire coverage, if a commercial loss-of-hire policy was in effect on the vessel on Charter Party date. The sum insured by this policy, including the amount of lost time that is covered, will be equivalent to the levels insured by the vessel's commercial policy. However, the amount insured by this policy will in no event exceed the hire rate(s) (that would have been in effect under this Charter Party during the period of time that the vessel was off-hire because of a covered War Risk), over a maximum duration of 90 days lost. This maximum

amount will be further subject to a deductible equivalent to that in place under the Vessel's commercial policy.

- (6) Government Indemnity. Under the authority of Public Law 85-804 (72 Stat. 972, August 28, 1958) and Executive Order 10789, as amended by Executive Order 11610, the Secretary of Defense or the Secretary of the Navy may authorize the Contracting Officer to indemnify the Owner against loss from risks that would be covered by MARAD war risk coverage as set forth in the paragraph entitled "Government War Risk Insurance" directly above.
- (s) **CONTRACTOR'S NOTICE REGARDING LITIGATION.** The contractor shall provide the Contracting Officer with immediate notice of any legal action, or claim against the government, the vessel, the contractor, or the contractor's underwriters that arises from or is related to this contract. The contractor shall also provide the Contracting Officer with immediate notice of any legal action brought by the contractor that arises from or is related to this contract.
- (t) **WAIVER OF CLAIMS.** All requests for equitable adjustment to the contract price and any other claims whatsoever for monies due under this contract must be submitted to the Contracting Officer pursuant to the clause entitled "Disputes" within six (6) months of the redelivery of the vessel. All requests for equitable adjustment and any other claims whatsoever for monies due under this contract that are not submitted within the six (6) month limit, shall deemed to have been waived by the Owner.

MSC SPECIFIC WIDE AREA WORKFLOW (WAWF) INSTRUCTIONS (AUG 2012)

The information contained in this instruction is supplemental to DFARS 252.232-7006.

The information contained in the table in DFARS 252.232-7006 is for WAWF purposes only. Information included in DFARS 252.232-7006 and this WAWF instruction apply only to WAWF Invoicing and WAWF Receiving Reports. Contradictory information elsewhere in this contract, e.g. Ship to DoDAAC, shall be followed per the terms and conditions of the contract.

When entering the invoice into WAWF, the Contractor shall fill in the DoDAAC fields or DoDAAC extensions exactly as shown in the table in DFARS 252.232-7006. Fields that should not be filled in when entering the invoice into WAWF will be indicated with the direction, "Leave Blank."

In some situations the WAWF system will pre-populate the "Pay DoDAAC," "Admin By DoDAAC" and "Issue By DoDAAC." The Contractor shall verify that those DoDAACs automatically entered by the WAWF system match

the information in the table in DFARS 252.232-7006. If these DoDAACs do not match, then the Contractor shall correct the field(s).

If Receiving Reports are required, ensure that the “Inspection” and “Acceptance” defaults of “destination” for both fields are not changed in the WAWF online interface.

The CLINs on the WAWF invoice shall be entered exactly as set forth in the contract document including CLIN number (e.g. 0001), Quantity (may be adjusted for actual quantity or dollar value delivered and invoiced), and Unit Price (e.g. \$1.00). The dollar amounts on each CLIN or SubCLIN on the WAWF invoice shall reflect final performance values, but in no instance can the dollar amount for each CLIN or SubCLIN exceed what is specified in the contract document. The Contractor shall bill to the lowest level, e.g., the SubCLIN level. The Quantity and Unit of Measure fields must be filled out exactly as indicated in the CLINs and SubCLINs to reduce the possibility of the invoice being delayed or rejected during processing.

Before closing out of an invoice session in WAWF, but after submitting the document or documents, the Contractor will be given the option to send additional email notifications by clicking on the “Send More Email Notifications” link that appears on the page. The Contractor shall click on this link and add the Technical Point of Contact’s (TPOC) or Contracting Officer’s Representative’s (COR) email address in the first email address block and add any other additional email addresses desired in the following blocks. This additional notification to the Government is important to ensure the acceptor/receiver is aware that the invoice documents have been submitted into the WAWF system.

- (a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.
- (b) This procurement is a FAR Part 12 acquisition being conducted under FAR 15.101-2 and FAR 15.306 procedures.
- (c) Submission of offers. (Tailored) Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—
 - (1) The solicitation number;
 - (2) The time specified in the solicitation for receipt of offers;
 - (3) The name, address, and telephone number of the offeror;
 - (4) A technical description of the items being offered in sufficient detail to evaluate compliance with (or acknowledgment of, as appropriate) the requirements in the solicitation. This may include product literature, or other documents, if necessary (Tailored);
 - (5) Terms of any express warranty;

- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.209-5; FAR 52.209-7; FAR 52.209-11; and FAR 52.212-3 (see FAR 52.212-3(b)) for those representations and certifications that the offeror shall complete electronically). (Tailored)

(Tailored) In accordance with FAR 52.219-9 and DFARS 252.219-7003, other-than-small business offerors shall submit a Small Business Subcontracting Plan with their proposal. Offerors shall ensure that they submit a Small Business Subcontracting Plan with all of the information required by FAR 52.219-9.

For large businesses, unless determined that sub-contracting possibilities do not exist, the Government will evaluate the Small Business Subcontracting Plan in accordance with FAR 52.219-9. Failure to submit and negotiate a subcontracting plan acceptable to the Contracting Officer will make the offeror ineligible for award of a contract.

A subcontracting plan is NOT REQUIRED from small business concerns and will not be reviewed or assessed for acceptability.

- (11) (Tailored) Owner's e-mail address, and point of contact to be used in conjunction with the Government's web-based post-contract performance information system, Contractor Performance Assessment Reporting System (CPARS).
- (12) Form of Submission. Proposals/modifications must be submitted via e-mail in Adobe Acrobat (.pdf) format, and must be compatible with Adobe Acrobat Reader 8.0 or later version. Proposals/modifications must contain either a verifiable electronic signature (e.g. PKI enabled certificate), or a scanned image of the handwritten signature of the Offeror or Offeror's agent. Offerors are advised that delays in the receipt of e-mail do occur, and the Offeror is solely responsible for timely receipt of offers by the Government regardless of any problems or delays related to computer hardware or software systems including, but not limited to, servers and firewalls. An E-mail proposal that resides on a Government server, but has not appeared in the designated E-mail inbox by the due date and time for proposal submission will be considered late. Offerors are advised that the Government may be unable to receive other types of electronic files (e.g., .zip files) or files in excess of 20 megabytes. For electronic proposal/modifications, the only acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time and date set for receipt of offers is the receipt of the E-mail proposal, readable, in its entirety in the designated E-mail inbox by the due date and time for proposal submission. Any other timestamp or meta-data of the Offeror's sent e-mail shall not be construed as sufficient documentation of the Government's receipt of an e-mailed offer. It is the Offeror's responsibility to ensure the proposal has been received in the designated E-mail inbox by the due date and time.

Proposal and proposal modifications (e.g., proposal extension) shall be submitted electronically in response to this solicitation by e-mail directly to [REDACTED] and [REDACTED] or the designated E-mail addresses and inboxes for receipt of E-mail submissions. No other electronic means of submission, used in whole or in combination with E-mail, is permitted.

PART XI

FAR 52.212-2 EVALUATION – COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(Tailored pursuant to FAR 12.302(a))

- 1) Award will be made, if at all, resulting from this solicitation to the responsible offeror (see paragraph 2 below) whose technically acceptable proposal represents the lowest price to the Government. If this RFP includes DFARS 252.247-7026, then this evaluation scheme is subject to the next paragraph.
- 2) If 50% or more of the cost of overhaul, repair, and maintenance work of an offeror's "covered vessel[s]" (see definition at DFARS 252.247-7026(a)) has been conducted within a U.S. shipyard during the period covering the current calendar year through the date of proposal submission, plus the preceding four calendar years, then the offeror is in "Category 1." All other offerors are in "Category 2." Award will be made, if at all, for the low price, technically acceptable "Category 1" offer. If no such offers exist, then award will be made, if at all, to the lowest price, technically acceptable, "Category 2" offer.
- 3) The Government intends to award without discussions. Pursuant to FAR 52.215-1(f) (4), however, the Government reserves the right to conduct discussions.
- 4) Offerors need to have a self-assessment in Supplier Performance Risk System (SPRS) application in Procurement Integrated Enterprise Environment (PIEE) in accordance with DFAR 252.204-7019 Notice of NIST SP 800-171 DoD Assessment Requirements. Failure to have this information will make the offeror ineligible for award.
- 5) Apparent Awardee will be required to submit the certification required in FAR 52.222-56 with regards to its Combatting in Trafficking Persons Compliance Plan.
- 6) Critical Submission Data.
Reserved.
- Classified Requirement.
Reserved.
- 7) In selecting the lowest-priced, technically acceptable offer, the following factors will be considered:

Factor 1: Technical
Factor 2: Price

Evaluation of Factors

- 1) Technical.

All proposals will be evaluated based on the requirements listed in PART X. TECHNICAL PROPOSAL of FAR 52.212-1(ADDENDUM – ADDITIONAL INSTRUCTIONS TO OFFERORS – COMMERCIAL ITEMS). Technical proposals will be evaluated based on acceptable/unacceptable criteria. In order to be determined technically acceptable, and thus be eligible for award, vessels must meet or exceed the requirements for the technical factor described in PART X TECHNICAL PROPOSAL.

Proposals rated unacceptable for any of the technical requirements listed in Part X will be rated overall unacceptable for the technical factor.

2) Price.

Price analysis techniques will be used to determine price reasonableness. Materially unbalanced offers may not be considered for award.

The total evaluated price will equal the sum of the total dollar amounts for the firm and option periods, including the FAR 52.217-8 option to extend, for all tugs including daily hire, after-hours, if a separate after-hours rate is offered, and any delivery and/or redelivery fees, if offered. Fuel will not be part of the total evaluated price. The daily hire will equal the offered daily rate multiplied by the number of days in the period.

For evaluation purposes, the option price for the FAR 52.217-8 six-month period will use the daily rate of the final option period.

The after-hours component of the total evaluated price will equal the proposed after-hours rate per period multiplied by the estimated number of hours for each period listed in the table in PART I, Schedule of Estimates.

3) Reserved.

4) Subcontracting Plan. (if required) For other-than-small businesses, unless determined that subcontracting possibilities do not exist, the Government will evaluate the Small Business Subcontracting Plan in accordance with FAR 52.219-9. Failure to submit and negotiate a subcontracting plan acceptable to the Contracting Officer will make the offeror ineligible for award of a contract. Only the subcontracting plan submitted by the apparent awardee, if required, will be reviewed and negotiated prior to award.

5) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

6) Offerors need to have a self-assessment in Supplier Performance Risk System (SPRS) application in Procurement Integrated Enterprise Environment (PIEE) in accordance with DFAR 252.204-7019 Notice of NIST SP 800-171 DoD Assessment Requirements. Failure to have this information will make the offeror ineligible for award.

7) Apparent Awardee will be required to submit the certification required in FAR 52.222-56 with regards to its Combatting in Trafficking Persons Compliance Plan.

8) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals–

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at [9.104-5\(a\)\(2\)](#) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at [22.1503\(b\)](#).]

On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.*

(2) ☐ Outside the United States.

(k) *Certificates regarding exemptions from the application of the Service Contract Labor Standards* (Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) [The contracting officer is to check a box to indicate if paragraph (k)(1) or (k)(2) applies.]

☐ (1) *Maintenance, calibration, or repair of certain equipment as described in FAR [22.1003-4\(c\)\(1\)](#).*
The offeror ☐ does ☐ does not certify that—

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(l) *Taxpayer Identification Number (TIN)* ([26 U.S.C. 6109](#), [31 U.S.C. 7701](#)). (Not applicable if the offeror is required to provide this information to the SAM to be eligible for award.)
