4490
Ser N7/66
25 Jan 22

From: Commander, Military Sealift Command
To: David Santamaria, President, Motor-Services Hugo Stamp, Inc.
Subj: QUALIFICATION OF MOTOR-SERVICES HUGO STAMP, INC. TO PROVIDE DIESEL ENGINE AND TURBO CHARGER MAINTENANCE AND REPAIR SERVICES
Ref: (a) COMSC Instruction 4490.1C

1. Reference (a) establishes Military Sealift Command (MSC) policy and procedures for qualification requirements in the procurement of items critical to safety and the modification, repair and overhaul of those items assigned to Military Sealift Command vessels. The Instruction designates the MSC Engineering Director as the Design Control Activity (DCA) responsible to ensure that the design, production and performance standards are met for ship critical safety items. The instruction further assigns responsibility to the DCA to establish qualification requirements and to qualify and identify vendors that meet the criteria and standards for ship critical safety items.
2. Motor-Services Hugo Stamp, Inc. requested biennial reevaluation of their qualification (originally issued 25 October 2019) and submitted all required information. An MSC N7 Engineering DCA evaluation team reviewed that information and determined that Motor-Services Hugo Stamp, Inc. meets the relevant qualification criteria for maintenance and repair services on Fairbanks Morse, Colt Pielstick, Bergen, Wartsila and MAN diesel engines. In addition, MSHS is qualified to provide maintenance and repair services for ABB diesel engine turbochargers.
3. Motor-Services Hugo Stamp, Inc. is deemed qualified to provide OEM-equivalent maintenance and repair services on MSC ships for Fairbanks Morse, Colt Pielstick, Bergen, Wartsila and MAN diesel engines, as well as ABB turbo-chargers. This qualification must be re-evaluated no later than 24 months from the date of this letter. Within its sole discretion, MSC may revoke qualification at any time if Motor-Services Hugo Stamp, Inc. fails to provide quality maintenance and repair services, or if Motor-Services Hugo Stamp, Inc. is unable to sustain the capabilities required in reference (a).
4. The MSC point of contact is Benjamin Hawbaker, ph: (757)341-6211; email: mhc_nonoem_qual@us.navy.mil.
